NOTICE TO ACCESS UNITS

ANNUAL FIRE INSPECTION

Monday, October 31st, 2022 – Wednesday, November 2nd, 2022
8:00 a.m. to 4:30 p.m.

We would like to advise all residents that **Enek Electric** will be on-site on **October 31, 2022 to November 2, 2022 from 8:00 am – 4:30 pm** to perform the Annual Fire Inspection. They will commence with the in-suite inspections on **October 31, 2022** and the common areas on **November 1, 2022**. This is a **mandatory requirement** set by the Ontario Fire Code to guarantee the safety of all residents.

Kindly note that the alarm bells will ring intermittently throughout these 3 days. Please ensure all pets are confined to a separate living area or you may wish to have them removed from the unit to ensure the safety of the inspector and the comfort of the pet as bells will ring throughout these five days.

Enek Electric requires access to all units to test smoke alarms and carbon monoxide detectors and check for any deficiencies. The Site Superintendent will be accompanying Enek Electric when they enter your unit for the inspection.

The elevators will be out of service on **Wednesday, November 2, 2022 at 8:00 a.m.** for a brief duration during Enek Electric's inspection of the sprinklers and elevator shaft.

The contractor has been advised that since the standard covid protocols have been amended, including, but not limited to, the wearing of masks and social distancing, it is now a personal choice, and they are to respect your choice if you request that they do. We also ask that you reciprocate, should the contractor request the same.

Thank you for your co-operation.
