

PEEL STANDARD CONDOMINIUM CORPORATION NO. 774
6720 Glen Erin Drive, Mississauga, ON L5N 3K8

NOTICE
ROOF REPLACEMENT

We would like to advise all residents that **Solar Roofing** will be replacing the roof of the building with your engineering company, WSP Engineering, overlooking the project. The roofing company cannot provide an exact start date at this time. However, they have indicated they are pushing for a **June** date.

They will be onsite from **7:30 a.m. to 6:00 p.m. from Monday to Friday** and possibly **Saturdays**. They expect the work to take about six to eight weeks. However, the weather can affect this schedule (wind / rain).

In order to bring the materials to the roof they will require a staging area. The best location is just in front of the garbage room door. They will be putting a disposal bin and material on the sidewalk and asphalt area just near the door to the garbage room. They will fence in this area and the sidewalk will be partially blocked. We would ask residents to avoid this area if possible and exit at the end of the building closest to the garage.

Three visitor parking areas will be blocked off to accommodate the roof company while they are onsite. Solar Roofing will block off the vents on the roof however, you may experience some smells.

Thank you for your patience, understanding and assistance.
